2. Measure and represent capacity

Maths Fluency strategy (8) - Near doubles

### Place Value and Number

1. 2-digit place value
2. Numbers and quantities

Maths Fluency strategy (9) -Number in the middle

### Addition & Subtraction

1. Addition
2. Subtraction

Maths Fluency strategy (10) -Adding 10

**Science: Everyday Materials: Squash, Bend, Twist, and Stretch**

Explore the properties of a variety of balls and predict which is the bounciest

- Consider that the materials from which the balls are made may have an effect on their bounciness
- Understand that some materials need to be able to 'give' a little and not break (for bridges carrying heavy traffic, for example)
- Look at a selection of fabric and understand why stretchy fabric is sometimes used in clothing
- Begin to understand how to make a test fair and to record results in a bar chart.

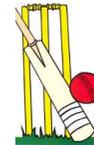

**Art: Back to School Around Europe**

Study European artists.

- Create a collage in the style of Henri Matisse.
- Make an observational portrait in the style of Van Gogh
- Create art with colours of the rainbow
- To develop a wide range of art and design techniques

**PE: Quick Cricket**

- Develop hand eye coordination through bowling a ball to the batsman.
- Be able to hit a ball with a bat
- Practice catching a ball through fielding

## English

**Honey and Trouble**

- Using adjectives
- Making inferences
- Explore feelings of characters

**Stories about feelings**

Essential books:

*The Crocodile Who Didn't Like Water* by Gemma Merino
