

Year 1 & 2 Term 1 SNAPSHOTS

It's been a productive term here at Fig Tree Primary, Mashallah! It's been full of learning and enrichment opportunities. Take a look at our pictorial round up to see just how much the children have been up to. We began the school year with a full and very busy class getting to know one another.

We learnt lots of maths concepts through use of many of manipulatives.

We learnt map skills and were able to locate countries, continents and oceans on maps. We even made our own map with a key.

For National Fitness Day we took part in a school Skipathon.

We took part in National Science Day and observed an explosive chemical reaction take place.

We celebrated World Animal Day with some special visitors all the way from White Post Farm. We also came dressed in costumes of our favourite animals.

We walked up to the Forest Park to visit Goose Fair and we came back with lots of candy floss. YUM!

It is pretty obvious to say that this term has been action packed. That is why we should keep looking to the future and achieve greater things. Inshallah!

We celebrated the Milaad of the Prophet Muhammad with a Maulid and sent lots Salawat on the Prophet Muhammad (saws).

Year 3 and 4 Term 1 Snapshots

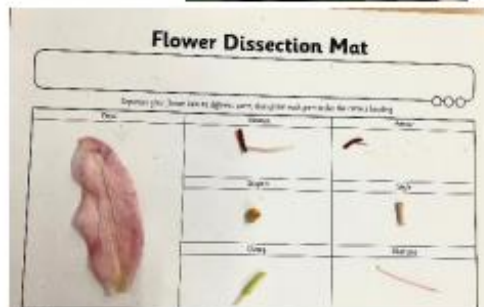

What a productive term it has been here at Fig Tree!

We began the school year with many goals, many of which have been ticked off already Mashallah!

Take a look at some of our achievements this term.

At Fig Tree, art is much appreciated. The students had lots of fun creating outlines of animals using string.

In science, we have learnt a lot about plants. We have conducted many investigations to better develop our understanding of parts of plants and their growth.

We have applied our knowledge of planets into a splendid project where everyone took part in creating and researching a chosen planet.

We are looking forward to more success and the achievement of many more academic milestones Inshallah!

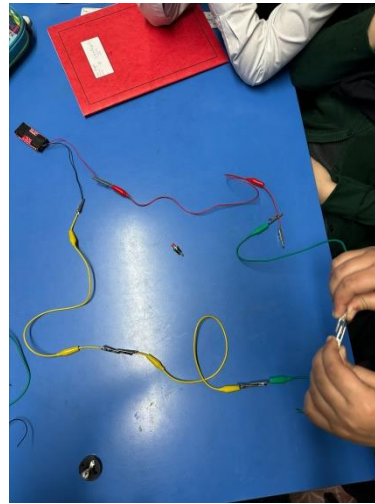

Well done everyone, your efforts are much appreciated. Keep it up!

We have visited the library many times where we have read fiction and non-fiction books. We enjoyed reading this term.

Year 5 & 6 Term 1 SNAPSHOTS

Year 5 & 6 Term 1 snapshots!
 What a fantastic start to the year! Well done to everyone at Fig Tree Primary for a super productive term 1! Here are a few pictures from over the term.

In Science we conducted a science experiment in our electricity unit. We predicted that the longer the wire, the longer it takes for electricity to run through the circuit.

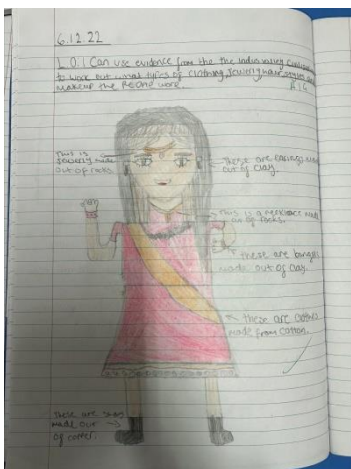

Year 5&6 got to enjoy the Goose Fair- we took wonderful notes for our poems!

For World Science Day we all participated in a joint project to make a constellation of the planets. Each group had their own planet which they had to research and then paint it.

We spent our Tuesday afternoons in the library getting our noses stuck in some books!

In our topic lessons we learnt about the Indus Valley and the contributions they made to society. Here is a wonderful drawing of how they used to dress!

Term 1 was packed with lots of fun and excitement. So many goals were achieved with many targets to be met next year, inshaAllah!
